Kopp's Frozen Custard <https://www.kopps.com/>

We didn't want to ruin your appetite before dinner, but we'll stop at Kopp's on the way home. Kopp's was founded in 1950 by Elsa Kopp who experimented with exotic frozen custard recipes. Kopp's frozen custard is high in delicious dairy fat content, making your lips and roof of mouth slippery with flavor. Kopp's offers creamy Vanilla, rich Swiss Chocolate, and two unique flavors of the day. The flavors of the day are mixed as your custard is scooped. Be sure to visit the cow art behind Kopps. A single scoop cone or dish of custard is \$2.50. Trust me when I say a single scoop is plenty. Kopp's says, "We create taste sensations like nothing you've ever had. You'll think you've gone to custard heaven." They DO ship custard.
