

Bumble Bee A

DSCN3173A

YARN- 3-4 ply
 (3ply if using thick yarn)
 (4ply if using thinner yarn)

My Notes: Approximate Quantity of yarn needed to complete front side-
White-1 yard **Lt. Blue**-1 yard **Yellow**-2 yards **Black**-3 yards
 I cut 30" lengths to work with and keep track of how much I actually use per color. Later I can conserve yarn by cutting only what I need when doing another. Everyone stitches differently & will use different quantities. Optional- Before you begin stitching trace the canvas outline onto felt and cut out. When finished stitching, glue felt to the back of Bee. May also glue on a magnet.

 **White**
 **Lt. Blue**
 or **Lt. Gray**
 **Yellow**
 **Black**
 **Black**

Overcast edge in Black

(Diagram 1)
 -First stitch the White, Blue, Yellow & Black Tent stitches.
 -Then Backstitch between the wing and body, and between the wing and top of head.
 -Top Stitch the Backstitches down the right side of head and the smile on its face.

(Diagram 2)
 -Top Stitch the Gobelin & Backstitches to form the antennae.
 -Use Overcast Stitch around the outside edge using black yarn.
 -Attach Tie String where indicated by the red dot.

Overcast Stitch

This stitch is used to completely cover the edge of the canvas. *Use an even tension and be gentle on the outer corners. Too much yarn or pulling too tight can break open the slanted corners;* if this happens you'll need to stitch into the surrounding 3 holes to round the corner as smoothly as possible.

Tent Stitch- This basic stitch is worked in vertical or horizontal rows over one intersection, facing to the right.

Reverse Tent Stitch
 faces to the left.

● Tie String- Cut a 12" piece of black yarn and using needle insert at red dot, tie both ends together at a 4" length & trim.

Gobelin Stitch- This basic stitch is worked over two or more threads or intersections. The lengths of the stitches will vary according to the chart.

Bumble Bee B
