Easter Egg

Come up with your own design and make a pattern using colored pencils. Start out with a pencil and eraser. Take a picture of your finished Easter Egg. Then share it with friends!

Easter Egg

Place *your*
photo here.

Come up with your own design and make a pattern using colored pencils. Start out with a pencil and eraser. Take a picture of your finished Easter Egg and use double stick tape to secure it in upper left corner. Then share it with friends!

Easter Egg A

DSCN3661C

YARN-
3-4 ply

Make a solid White canvas back or make a duplicate of the front view so both sides look alike and overcast the edges together in White.

Ornament- Cut a 12" White tie string. Bring yarn up at one white dot and back down at the other white dot. Hold ends together and tie a knot at 4" length. **For Magnet-** Stitch front canvas only, overcast edge, glue magnet to the back.

Easter Egg A

1

DSCN3661B

Make a solid White canvas back or make a duplicate of the front view so both sides look alike and overcast the edges together in White.

YARN-
3-4 ply

Tent Stitch- This basic stitch is worked in vertical or horizontal rows over one intersection, facing to the right.

Reverse Tent Stitch- faces to the left.

2

Overcast Stitch-

This stitch is used to completely cover the edge of the canvas. *Use an even tension and be gentle on the outer corners. Too much yarn or pulling too tight can break open the slanted corners;* if this happens you'll need to stitch into the surrounding 3 holes to round the corner as smoothly as possible.

Ornament- Cut a 12" White tie string. Bring yarn up at one white dot and back down at the other white dot. Hold ends together and tie a knot at 4" length. **For Magnet-** Stitch front canvas only, overcast edge, glue magnet to the back.

DSCN3671

The color photo DSCN3661 using pastel colors doesn't show up very well in black & white. This photo was made with light & dark yarn just to show color separation.

Make a solid White canvas back or make a duplicate of the front view so both sides look alike and overcast the edges together in White.

Make a canvas back using White Tent Stitches or make a duplicate of front view so both sides look alike, overcast edges together in White.

My Notes: 1st) White Tent Stitches, 2nd) Red Gobelin & Tent Stitches, 3rd) Black Cross & Back Stitches. Pull Black Back Stitches gently so they are slightly raised.

YARN-
White &
Red 4 ply
Black 3 ply

Gobelin Stitch- This basic stitch is worked over two or more intersections. The lengths will vary according to the chart.

Tent Stitch- This basic stitch is worked in vertical or horizontal rows over one intersection, facing to the right.

Reverse Tent Stitch- faces to the left.

Overcast Stitch-

This stitch is used to completely cover the edge of the canvas. *Use an even tension and be gentle on the outer corners. Too much yarn or pulling too tight can break open the slanted corners;* if this happens you'll need to stitch into the surrounding 3 holes to round the corner as smoothly as possible.

Ornament- Cut a 12" White tie string. Bring yarn up at one white dot and back down at the other white dot. Hold ends together, tie a knot at 4" length. **For Magnet-** Stitch front canvas only, overcast edge, glue magnet to the back.

Overcast Stitch-

This stitch is used to completely cover the edge of the canvas. *Use an even tension and be gentle on the outer corners. Too much yarn or pulling too tight can break open the slanted corners;* if this happens you'll need to stitch into the surrounding 3 holes to round the corner as smoothly as possible.

Ornament- Cut a 12" White tie string. Bring yarn up at one white dot and back down at the other white dot. Hold ends together and tie a knot at 4" length. **For Magnet-** Stitch front canvas only, overcast edge, glue magnet to the back.

DSCN3727C

Make separate canvas back using Pink Tent Stitches or make duplicate of front view so both sides look alike, overcast edges together in Pink.
